

INTRODUCING THE NEW VOLVO XC40

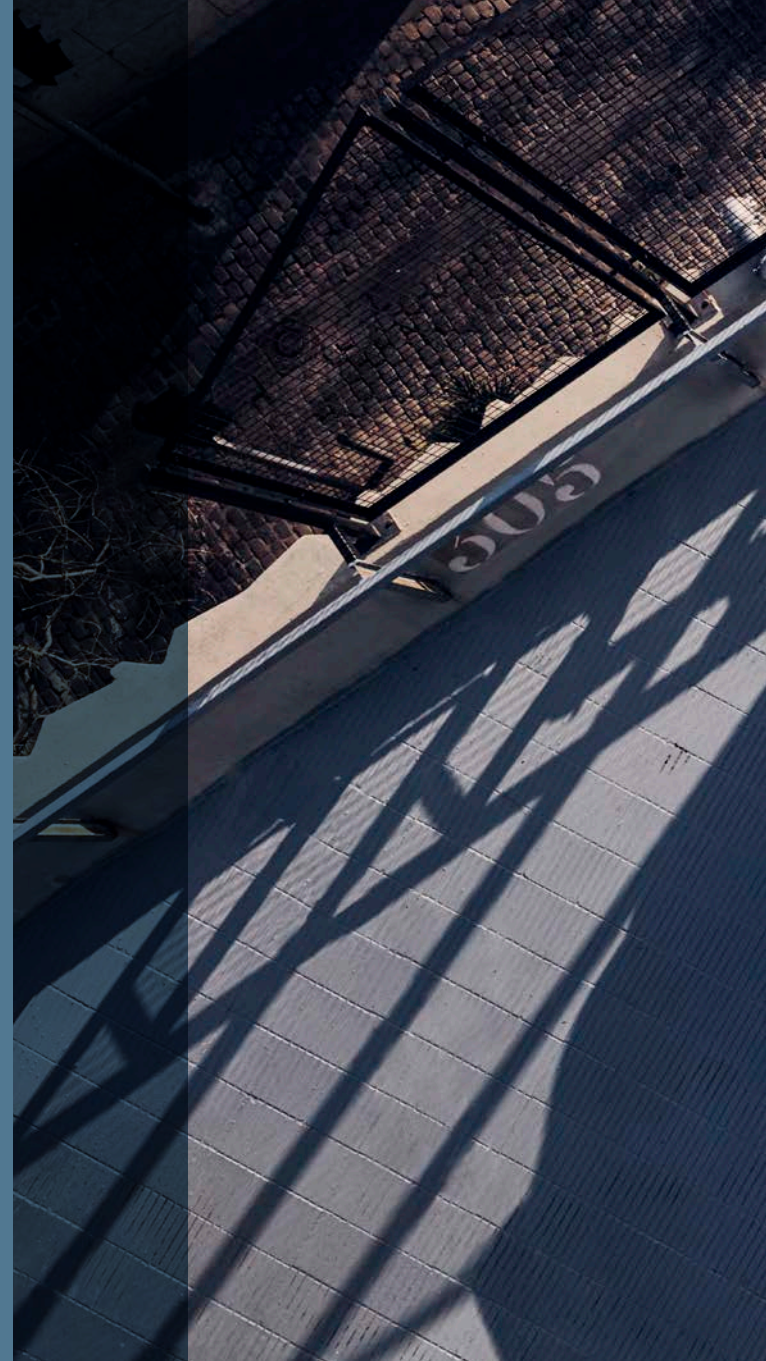

YOUR JOURNEY BEGINS HERE

Introducing the Volvo XC40, the compact SUV born from Swedish innovation. Built for city life and designed around you, the XC40 promises a fun, agile drive with exceptional comfort and distinctive Scandinavian design. Crafted with care for people and the world we share, the XC40 has been designed to be intuitive to use and to make your life safer and less complicated. Uniquely Scandinavian and unmistakably urban, the XC40 is a pleasure to live with every day.

INNOVATIVE BY DESIGN

We created the XC40 with one single purpose: to be the city SUV that's the perfect fit for you and your lifestyle. Experience the feeling of confidence and control on every journey in the XC40, with its high seating position and agile handling that puts you in command. High ground clearance gives the XC40 a powerful stance and excellent visibility. Large wheels and tyres cope effortlessly with any road. This is the SUV that allows you to rise above it all.

AN INTERIOR TO INSPIRE

Bold, progressive design is the hallmark of the XC40. The cabin embodies forward-thinking Scandinavian style. An uncluttered layout lets you relax and focus on the road ahead while carefully selected and crafted materials indulge the senses. The cabin of the XC40 is a place that will inspire you on every journey, full of features that are both easy to use and beautiful to look at.

STORAGE FOR LIFE

Everything starts with people at Volvo Cars.... it's why we look, listen and design vehicles around their needs. And it's why the XC40 is full of versatile compartments that help you carry what you want as easily as possible, such as door pockets large enough for a laptop, a mobile phone tray for wireless charging and a rubbish bin to keep unwanted items out of sight. Load and unload your XC40 with ease, thanks to a large cargo area which is accessible via a hands-free power-operated tailgate. If you need even more space, fold the rear seat backrests flat at the touch of a button. This is an SUV that has a place for everything, and everything in its place.

MAKE A BOLD IMPRESSION

Our philosophy is to always put people first. This includes allowing you the freedom to create a Volvo that reflects your individuality and fits you perfectly. Inspired by the pulse of urban city life and fashion, the new XC40 is just as individual as you are. You have three different design expressions to choose from, each with its own distinctive style and character: the playful and contemporary Momentum, the elegant and refined Inscription, and – the boldest XC40 of all – the dynamic and sporty R-Design. Whatever style you prefer, there's a Volvo XC40 for you.

M O M E N T U M

Strong, contemporary style with a confident urban look, available in contrasting combinations.

Available in T4 FWD

From \$59,900 + ORC
